2023 SPONSORSHIP PACKAGE

About us

The Outdoor Recreation Council of British Columbia (ORCBC) is an umbrella organization of organizational members that span the broad spectrum of outdoor recreation user groups in BC, including paddlers, hikers, mountain bikers, off-road motorcyclists, equestrians, snowmobilers, anglers and nature interests.

We represent the broad interests and concerns of the organized recreation sector to government, advocate for access and funding, and build capacity within the sector.

What we are working on

- Advocate and lobby to improve legislation, policies and funding.
- Coordinate and promote BC Trails Day and BC Rivers Day events in communities across the province.
- Establishment of the Outdoor Recreation Fund of BC; this first-of-its-kind fund will offer grants to recreation groups and First Nations who create and enhance recreational & nature-based experiences.
- Build capacity through webinars, events and resources to support a thriving outdoor recreation sector.

Why you should support us

We are looking for community leaders like you who can join us in creating a flourishing outdoor recreation sector that makes it possible for all British Columbians to enjoy quality outdoor opportunities while safeguarding the integrity of our natural spaces.

As a sponsor, we will promote your business and highlight your contributions to the outdoor recreation community through our website, social media channels, newsletters and events.
